外国人留学生 入学ガイド

京都光華女子大学・京都光華女子大学短期大学部

# A Women's University That Aims to Create "Health" and "Future" for the People

人々の“健康”と“未来”を創造する女子大学

For more than 80 years, Kyoto Koka Women's University has been committed to women's education based on the Buddhist spirit.

We emphasize the "Truthful Heart." A heart of compassion. A heart that is more than willing to help. With this philosophy as a basis, we practice education that is more attuned to the needs of each student with the aim of realizing a future of "Well-Being" in which all people can live healthy lives.

京都光華女子大学では、これまで80年以上、仏教精神に基づく女子教育に取り組んできました。大切にしているのは校訓「真実心」、つまり思いやりの心、よりそう心です。私たちは、この理念によって、すべての人が健やかに暮らせる“Well-Being”な未来の実現を目指し、学生一人ひとりに、そして地域によりそう教育を実践しています。

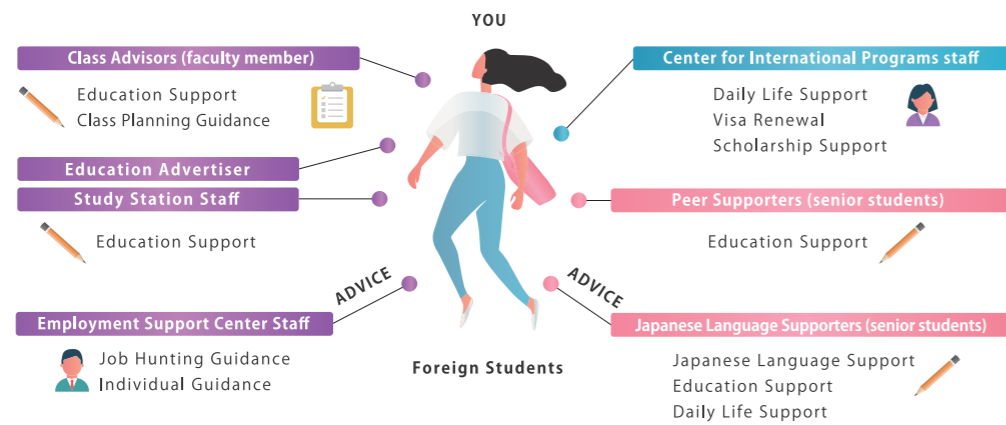

## An Inclusive Environment For Foreign Students.

外国人留学生によりそう環境

### 1 A Robust Support System 手厚いサポート

Every international student will be supported by 7 advisers, including class advisors and International Center staff. We also have "Japanese Language Supporters" consisting of senior students. In addition, the Employment Support Center provides individual guidance and support on finding employment in Japan for international students.

外国人留学生一人ひとりに対し、クラスアドバイザーや国際交流センタースタッフなど、7名体制で学びや生活をサポートします。上級生による「日本語支援サポーター」も手配しています。また、就職支援センターによる外国人留学生対象の日本就職ガイダンスや個別指導も丁寧に行っています。

### 2 Small Group Learning 少人数教育

Koka's small group learning allows us to provide a more personalized education and attention to individual students. The national average of number of students per faculty member is approximately 20 students at private universities and 10 students at public universities. As shown in the table below, there are more faculty members for each Koka student, allowing them to receive higher quality support. "The Koka Method" is our university's unique educational method. This promotes a independent and deep learning while utilizing ICT equipment.

本学では少人数教育で、学生一人ひとりによりそう手厚い教育を行っています。教員一人あたりの学生数は下の表の通りで、全国平均：私立大学約20人、国公立大学約10名と比べると、とても恵まれた環境です。「光華メソッド」という本学独自の教育手法により、ICT機器を活用しながら「主体的で深い学び」を促進します。

	University 大学	College 短期大学部
The Number of Students Per Faculty Member 教員一人当たりの学生数	4.2 students	6.3 students
The Ratio of Small Group Learning Classes (Classes with less than 20 students) 少人数授業の割合 (学生数20名以下の授業)	46.5%	76.4%

(FY 2023 results) (2023年度実績)

## 3 Traditional Japanese Culture

日本の伝統文化に関わる学び

At Koka, students will learn about Japan's traditional culture as part of their compulsory studies. Though experience-based learning, students will acquire techniques in flower arrangement, tea ceremony, etiquette, calligraphy, and kimono dressing. Leading to a deeper understanding of each topic. There are also a wide range of traditional culture clubs.

本学では必修で日本の伝統文化を学びます。礼法、華道、茶道、書道、着付けなどの魅力と技法を体験的に学び、理解を深めます。伝統文化のサークルも充実しています。

At our "Tominokoji Machiya Campus" students can directly experience Kyoto culture. There are also a number of projects in collaboration with Kyoto's shopping streets and tourist associations.

Tominokoji Machiya Campus

富小路まちやキャンパス

また、本学には「富小路まちやキャンパス」があり、授業やイベントで京都文化が体験できます。京都の商店街や観光協会などとの連携プロジェクトも充実しています。

### 4 Abundant Opportunities for Cultural Exchange

豊富な交流機会

Koka provides many opportunities for international students to get to know each other, such as the "New Student Welcome Party". As well as holding regular events such as "Multicultural Lounge" and "International Exchange Gathering" to support students in making friends by with Japanese students. Furthermore, the study group "Manaboo" provides plenty of opportunities to meet other students with similar interests outside of club activities.

本学では外国人留学生対象の「新入生歓迎会」など、留学生同士つながりを作る機会を設けています。また、日本人学生との交流イベント「多文化ラウンジ」や「国際交流のつどい」などの定期開催で、友だち作りをサポートしています。さらに、サークル活動の他に、「学Booo(まなぶー)」という学習グループがあり、同じ興味を持つ仲間と知り合う機会も豊富です。

Kyoto Koka being a Buddhist university allowed me to gain a deeper understanding of Buddhism and see life and the world from a new perspective. At Koka, I could feel the delicate beauty unique to a women's university. I hope you too will come and enjoy a wonderful student life in Kyoto, a city with a deep history and a sense of modern fashion!

京都光華は仏教系の大学なので、仏教に関して深く理解でき、新しい視点から人生や世界のことを考えられるようになりました。女子大学特有の繊細な美も感じられます。歴史の重みと西洋のおしゃれな雰囲気がある京都のまちで、一緒にすてきな学生生活を送りましょう!

ホームページ

#### Become a successful social worker active in a wide range of fields

Students will acquire the ability to collaborate with rehabilitation and medical professionals. As well as learning how to support women, children, and people with difficulties in daily life. This will train students to be social workers and mental health workers, who are successful and active in a wide range of fields.

#### 幅広い分野で活躍するソーシャルワーカーへ

リハビリ・医療職との連携力を修得する学習や女性や子ども、くらし(学校・仕事など)における困難の支援に関して学習し、幅広い分野で活躍する、社会福祉士、精神保健福祉士などのソーシャルワーカーを養成します。

#### Learning Points

学びのポイント

#### Rehabilitation and Medical Care, Children and Women, Livelihood Support ~Studying welfare based on the spirit of Buddhism~.

By viewing ourselves and the field of welfare through the lens of Buddhism students will cultivate a human nature that can support and be empathetic to anyone. Students will acquire the ability to collaborate with rehabilitation and medical professionals. As well as learning how to support women, children, and people with difficulties in daily life. In addition, through volunteer activities and fieldwork, students are able to experience actual workplaces and learn about diverse values.

リハビリ・医療、子ども・女性、くらし支援  
~仏教精神を基に福祉を学ぶ~

仏教精神を基に自分や福祉の現場を考えることで、多様な人々に寄り添うことができる人間性を養います。そして、リハビリ・医療職との連携力を修得する学習や女性や子ども、くらし(学校・仕事など)における困難の支援に関する学習に取り組みます。さらに、ボランティア活動やフィールドワークを通じて実際の現場を体感でき、多様な価値観を知り学ぶプログラムを整えています。

#### Cooperation with Other Departments to Develop a Multidisciplinary Education

In the field of social welfare, many professionals cooperate and work together. Koka provides opportunities for students to be exposed to diverse values so that they can understand the role of each profession. Students study together with other departments and majors in lectures and exercises that are common between faculties. We aim to nurture social welfare professionals who can provide high-quality life support to anyone in the community who may need medical care or rehabilitation.

他学科との連携で充実した  
多職種連携教育を展開

福祉の現場では多くの専門職が連携しながら活動しています。本学では各専門職の役割を理解できるよう、学部・学科共通科目を設置して、講義や演習で他学科・専攻と共に学び、多様な価値観に触れる機会を設けています。退院し地域生活を過ごす人々や、地域に生活しながらも医療・リハビリテーションを必要とする人々への質の高い生活支援が実現できる社会福祉専門職の養成を目指します。

#### Year-round Practical Training Grants Understanding of The Field

Through year-round practical training combined with a circular learning process that allows students to resolve questions they may come across during practical training, students can gain a thorough understanding of the actual welfare field, that is the combination of theory and practice. In addition, we place an emphasis on fieldwork providing many opportunities for students to visit and experience welfare facilities and medical institutions.

通年型実習で  
じっくりしっかり現場を理解する

通年型実習により年間を通して実習先での疑問を授業で解消する循環型学習を行うことで、理論と実践を融合した福祉現場の実態を、じっくりしっかり理解することができます。また、福祉施設や医療機関などでの見学・体験の機会を多く設定し、フィールドワークを重視した授業を展開しています。

## Faculty of Health Science

### Department of Health and Nutrition National Registered Dietitian Training Course

健康科学部

健康栄養学科  
管理栄養士専攻

Home Page  
ホームページ

#### Become a registered dietitian who supports health through food by working on an individual basis

The "Medical Nutrition Course" trains dietitians to manage nutrition in medical and welfare facilities. The "Food Creation Course" trains dietitians to work for food manufacturers, food processing companies, and food service and home meal service companies. Both courses aim to train dietitians who can support health through food by working on an individual basis.

一人ひとりに寄り添い食で健康を支える管理栄養士へ

医療・福祉施設における栄養管理に関わる管理栄養士を養成する「メディカル栄養コース」と、食品メーカー、食品加工、外食・中食産業で活躍する管理栄養士を養成する「食創造コース」の2つのコースで一人ひとりに寄り添い、食で健康を支える管理栄養士を養成します。

#### Achieve Your Dreams through In-depth Studies

コースの深い学びで、目指す将来像を実現する

#### Medical Nutrition Course

This course trains dietitians for nutrition management in hospitals and welfare facilities with the ability to contribute as a member of a medical team through multidisciplinary education. Students learn the physiology required for ward nutrition management, planning of nutritional supplements suited for each ailment, frailty\* prevention, and tailor-made nutritional therapy.

Frailty is said to be the stage between normal health and the stage of needing nursing care, and refers to the overall decline that tends to occur with advancing age, including the decline of muscle strength with age, fatigue, and the tendency to stay indoors.

#### メディカル栄養コース

病院・福祉施設における栄養管理に関わる管理栄養士を養成するコース。病棟栄養管理に必要な生理学、疾患ごとの栄養剤のプランニング、フレイル※予防やテーラーメイド栄養療法などについて学ぶとともに、多職種連携教育でチーム医療の一員として貢献できる力を身につけます。

※フレイルとは、健康から要介護へ移行する中間の段階といわれており、加齢に伴い筋力が衰え、疲れやすくなり家に閉じこもりがちになるなど、年齢を重ねたことで生じやすい衰え全般を指しています。

#### Food Creation Course

This course is designed to train dietitians who will be active in food manufacturers, food processing, and the food service and home meal industry. Students acquire the knowledge and skills to propose healthy menus and develop functional foods that address health issues. Also, students will acquire the fundamentals and processes of food development and principles of manufacturing processed foods, allowing students to create foods and menus to contribute to society.

#### 食創造コース

食品メーカー、食品加工、外食・中食産業で活躍する管理栄養士を養成するコース。健康課題に対応したヘルシーメニューの提案や機能性食品の開発、食品開発における基礎知識やプロセス、加工食品の製造原理などを学習し、食品やメニューを創造し、社会に発信していくための知識と技術を修得します。

#### SUBJECT PICK UP!

PICK UP! 科目

#### Gain Practical Skills Public Nutrition Practicum

Students learn about dietary survey methods and statistical processing necessary in public nutrition activities, as well as the planning and implementation of public nutrition programs. Students acquire practical skills in the cycle of formulating and implementing activity goals and plans based on needs and issues of target areas and populations, and evaluating the results.

実践的なスキルが身につく  
公衆栄養学実習

公衆栄養活動において必要な食事調査法や統計処理、公衆栄養プログラムの立案と実践について学びます。対象地域や集団のニーズと課題を把握した上で、活動目標と計画を立案・実施し、その結果を評価するサイクルの中で実践的なスキルを習得します。

#### Gain a Deep Understanding of Food Components through Experiments Food Science Experiment II

As the next step to obtaining knowledge through lectures on food science and other subjects, students, through experiments, study food components (inorganic substances, vitamins, and taste components), physical and other properties. Students learn the chemical properties of ingredients in everyday foods, and acquire techniques (planning, reliability, and safety) for food analysis.

実験を通して食品成分への理解を深める  
食品学実験II

食品学などの講義で得た知見をより深く理解するために、実験を通して食品の成分(無機質・ビタミン・嗜好成分)、物性などを学びます。身のまわりの食品を対象に成分の化学的性質を学び、食品分析における技術(計画性・確実性・安全性)も修得します。

#### SUBJECT PICK UP!

PICK UP! 科目

#### Learn about the current situation of children and develop problem-solving skills Children and Social Welfare

In recent years, child abuse, bullying, and child poverty have continued to increase. While learning about the situation surrounding children, students develop the ability to take action to solve problems through workshops and other activities. In class, students learn from each other through discussions or presentations, and guest lecturers.

子どもの現状を知り、課題解決力を養う

子どもと社会福祉

近年、児童虐待、いじめ、子どもの貧困などが増え続けています。子どもを取り巻く状況について学びながら、ワークショップなどを通じて課題解決のためのアクションを起こす力を養います。授業では、議論と発表を重ね、学生同士で学び合うほか、ゲストをお招きして講話いただくこともあります。

## Faculty of Health Science Department of Health and Nutrition Health, Sports and Nutrition Course

### Managing health from both sports and nutrition education

The Course aims to nurture human resources who can manage people's health from the perspectives of both sports and nutrition education. In the "Health and Sports" field, students learn about appropriate menus and nutritional supplements that provide nutrients according to health conditions and lifestyles. In the "Food Management Field," students learn about menu development, from production to sales and public relations activities, and other areas that transcend the boundaries of conventional dietitian training.

スポーツ・栄養教育の両面から人々の健康をマネジメントする健康状態や生活習慣に合わせて、適切な栄養素を摂取するための食事や栄養補給の方法を学ぶ「健康スポーツ分野」と、メニュー開発に関わる生産から販売・広報活動など、これまでの栄養士の枠を超えた学びを展開する「食マネジメント分野」の学びで、スポーツ・栄養教育の両面から人々の健康をマネジメントする人材を育てます。

### Acquire a Wide Range of Knowledge and Skills in the Study of Sports & Nutrition

スポーツ&栄養の学びで、幅広い知識とスキルを修得

#### Health and Sports

Students will learn how to provide appropriate diet and nutritional supplementation for a wide range of subjects, from the general public to athletes, according to each health condition and lifestyle. In addition, there are many exercises and practical training sessions to consolidate knowledge and acquire practical skills. As well as learning how to exercise in a practical way that is effective for maintaining good health.

健康スポーツ分野

一般の方からアスリートまで幅広い対象者の健康状態や生活習慣に合わせて、適切な栄養素を摂取するための食事や栄養補給の方法を学びます。さらに、知識を定着させ実践力を身につける演習・実習も多くあります。健康スポーツ分野においては、健康維持に効果的な身体の動かし方について、トレーニングやエクササイズを体験しながら実践的に学びます。

#### Example of Research Topics 研究テーマ例

- Providing breakfast to track and field teams  
陸上競技部への朝食提供

#### Food Management

To be active in the food business field, the course goes beyond the boundaries of conventional dietitian training. From production to sales and PR activities related to menu development, covering all aspects of "Food". Through overseas training and other programs, students will be exposed to different cultures and values, training nutritionists who can develop a diverse range of food products.

食マネジメント分野

栄養士の立場から「食」をトータルプロデュースし、フードビジネス分野で活躍できるよう、メニュー開発に関わる生産から販売・広報活動など、これまでの栄養士の枠を超えた学びを展開します。さらに、海外研修などを通して、異なる文化や価値観に触れることで、多様な食の展開ができる栄養士の養成につなげていきます。

#### Example of Research Topics 研究テーマ例

- Developing baked donuts for those with egg allergy  
卵アレルギー対応の焼きドーナツを開発

PICK UP! 科目

### Observing and experiencing the handiwork of artisans **Kyoto's Food Culture**

#### Food Management 食マネジメント分野

Students learn about the history and characteristics of Kyoto confectionery in classroom lectures. After which, they will observe the handiwork of Kyoto confectionery artisans up close, and actually experience confectionery making during practical training. Through such hands-on learning, students will be exposed to Kyoto's deep culinary arts and acquire a sensitivity to enjoy food using all of their five senses.

職人の手仕事を見て体験できる 京都の食文化

京菓子の歴史や特徴などを座学で学び、実習では京菓子職人の手仕事を間近で見て、実際に菓子づくりの体験もできます。こうした生きた学びを通して京都の奥深い食文化に触れることで、味・見た目・香りなど五感で味わう感性が身につきます。

### Studying the mind shows me new possibilities

Students will acquire practical skills in the three courses of "Clinical and Psychological Counseling," "Child and Development Support," and "Social and Criminal Psychology". To apply them in various fields such as medicine, education, welfare, childcare, judiciary, and industry.

心を学ぶと見えてくるわたしの新たな可能性

「臨床・心理カウンセリング」「子ども・発達支援」「社会・犯罪心理」の3つのコースで学んだ心理学を医療・教育・福祉・保育・司法・産業などさまざまな分野で生かせる実践力を身につけます。

### The Three Courses to Deepen Your Learning

学びを深める3つのコース

#### Clinical and Psychological Counseling Course

臨床・心理カウンセリングコース

To be close to those in need of psychological support, students learn the fundamental knowledge and skills of professional support such as psychological assessment and psychological interviewing. For those who wish to become a licensed psychologist or a clinical psychologist, we provide support for their further education.

心理的な支援を必要としている人の心に寄り添えるよう、心理アセスメントや心理面接による専門的支援の知識と技能の基礎を学びます。公認心理師や臨床心理士を目指す人には進学支援を行います。

#### Child and Development Support Course

子ども・発達支援コース

To support development and respond to needs of infants and children, students learn the fundamental knowledge and skills of developmental psychology and developmental support. We also train childcare workers and child guidance staff who work in child welfare facilities.

幼児や児童の育ちを支え、発達上の困りにも応じられるように、発達心理学の専門知識や発達支援の基礎を学びます。児童福祉施設で活動する保育士や児童指導員の養成も行っています。

#### Social and Criminal Psychology Course

社会・犯罪心理コース

Students learn social psychology, which explores the psychological interactions between people, and between people and society, such as the psychology of interpersonal relationships and consumer behavior. As well as criminal psychology, which explores the psychology of offenders, crime prevention, and psychological care for juvenile delinquents.

対人関係や消費行動の心理など、人と人、人と社会の心理的な相互作用を探索する社会心理学と、犯罪者の心理や犯罪の予防、非行少年への心理的ケアなどを研究する犯罪心理学を専門的に学びます。

### SUBJECT PICK UP!

PICK UP! 科目

### Examining the relationship between culture and healing through experience

#### Kyoto Cultural Psychology

Students will examine the components of "Kyoto-ness" from a psychological viewpoint. Through fieldwork such as making Kyoto sweets, students will experience and deepen their understanding of what makes Kyoto unique. Also, through the experience of making incense bags and devising a plan for a women's trip to Kyoto, students will consider the relationship between Kyoto culture and healing. This class incorporates a wealth of off-campus experiential learning opportunities that allow students to understand Kyoto culture through independent experiences and to realize that they are living in the midst of the culture.

文化と癒しの関係を体験を通して考察  
京都文化心理学

「京都らしさ」の構成要素を心理学的に考察し、京菓子作り体験などのフィールドワークを通して、「京都らしさ」を実感し理解を深めます。他にも、香袋作り体験や京都女子旅のプラン考案などを通して、京都文化と癒しの関連性を考えます。主体的な体験によって京都の文化を理解し、自分が文化の中に生きていることを実感する、学外での体験学習を豊富に組み込んだ授業です。

**Cultivate the ability to contribute to society through diverse studies that color your creativity and practical skills**

By freely selecting specialized subjects from the three areas of "Contemporary Sociology and Regional Public Affairs," "Life Science, Tourism and Design," and "Business Administration and Data Science," students will cultivate the ability to contribute to society and aim for career track positions in various industries and civil servant.

想像力と実践力をイロドル 多様な学びで社会に貢献できる力を養う

「現代社会学・地域公共」「生活科学・観光・デザイン」「経営学・データサイエンス」の3つの領域から専門科目を自由に選択して学ぶことで、社会に貢献できる力を養い、各種業界の総合職や公務員を目指します。

### Synergies among the three areas that expand future options.

3つの領域の相乗効果で、将来の選択肢が広がる

#### Contemporary Sociology and Regional Public Affairs

現代社会学・地域公共領域

Students will acquire the ability to explore solutions to contemporary social issues such as community development, aging society with a declining birthrate, the environment, and local medical care and welfare through dialogue both on and off campus. Students can also take courses in the School of Human Health and aim for careers such as public service.

まちづくり、少子高齢化、地域医療・福祉、環境などの現代社会の課題に対し、学内外での対話を通じて解決する探究力を身につけます。人間健康学群の科目も受講でき、公務員などの職業を目指すことも可能です。

#### Life Science, Tourism and Design

生活科学・観光・デザイン領域

The main theme is "creation" and "planning" to enrich people's lives. Students will acquire the ability to start their own businesses or find employment by honing the sense and skills required in such fields as fashion, tourism, and internet content.

ファッションやブライダル、観光、ネットコンテンツなど、人生を豊かにする「ものづくり」や「企画」をメインテーマとし、各分野で必要となるセンスと技術を磨くことで、起業や就職につなげる力を身につけます。

#### Business Administration and Data Science

経営学・データサイエンス領域

Students will acquire the imagination and practical skills to play an active role in the corporate world of today's ever-evolving society. In addition, students will acquire a deeper understanding of business through the lens of AI and data science, leading to a development of business strategies for the next generation.

進化し続ける現代社会において、企業で活躍できる想像力や実践力を修得します。さらに、AIやデータサイエンスの観点からビジネスを深め、次世代を見据えたビジネス戦略を立てる力を身につけます。

### Practical Learning to Color our Society (seminar)

#### Childcare Content (Comprehensive Expression II): Collaborative Activities with Koka Kindergarten

In order to put the expressive activities learned in class into practice in an actual childcare situation, students will perform in groups an expressive play based on picture books for the children of Koka Kindergarten, which is attached to the school. The groups will prepare for the event by exchanging opinions on how to make the activities enjoyable for the children, from the introduction to the individual actions.

保育内容(総合表現II):光華幼稚園との連携活動

授業で学んだ表現活動を実際の保育の中で実践的に学ぶため、併設の光華幼稚園の園児を対象に絵本を基にした表現遊びをグループで行います。導入から動き方まで子どもたちがどうすれば楽しく活動できるかについてグループ内で意見を出し合い、当日に向けて準備を進めます。

**Become an educator who can tend to children and never stops self improving**

In addition to a first-class elementary school teacher's license, students will aim to obtain a first-class kindergarten teacher's license. Students will develop teaching skills that are needed for the future of education, such as foreign language subjects and ICT utilization.

子どもと向き合い学び続ける教育者へ

小学校教諭一種免許状に加え、幼稚園教諭一種免許状の取得を目指します。外国語科目やICT活用などこれからの教育に対応した指導力を育成します。

### Learning Points

学びのポイント

**On-site experience at Koka Elementary School, located right next to the campus**

キャンパスのすぐ隣にある光華小学校で現場体験

**Acquire ICT instructional skills that can be applied in the classroom of the future**

未来の教室で生かせるICT活用指導力が身につく

### TOPICS

#### "Koka Children's Club", a place of practice that fosters student independence

"Koka Children's Club" invites after school students from Koka Elementary School to the university's classrooms. Students proactively devise the content of the activities so that the participating elementary school students can acquire empathy, independence, creativity, and problem-solving skills.

学生の主体性を育む実践の場「光華こどもクラブ」

併設の光華小学校のアフタースクールの児童を大学の教室に招き、「光華こどもクラブ」を開催しています。参加した小学生たちにおもいよりの心や自主性・創造性・課題解決能力を身につけてもらえるよう、学生たちが主体的に活動内容を考案しています。

ピックアップ!科目

#### Taking on the Challenge of Solving Social Issues Social Business Exercise

There are many unresolved issues in society. Social Business is an attempt to solve social and regional issues, especially environmental problems, poverty, and welfare, through the lens of business. Students will learn how to think independently about what is needed today, and how to develop and tackle these issues using resources available in society or by developing new ones. In addition, practitioners who are active in society will be invited to participate in the course, leading to developmental learning on how to continuously confront such issues.

社会課題の解決に挑む

ソーシャル・ビジネス演習

社会には解決できていない課題が山積みです。特に環境問題や貧困・福祉など、社会的・地域的課題の解決を、ビジネスを通して試みるのがソーシャルビジネスです。現代に必要とされていることを主体的に考え、社会にある資源を用いて、もしくは新たにどのように開発して取り組むかを学びます。さらに社会で活躍される実務家をお迎えし、継続的にどのようにして向き合うか発展的な学びにつなげます。
